ATM

ATMs are located throughout Kiel. You should have no trouble getting cash with the same bank card you use at home. If you use a credit card for a cash advance (or even just make a withdrawal with normal debit card), be aware of the fees, which can be exorbitant. The machines are operated by different banks, and each sets its own fees. In any case, as of 2011, banks have been required to display their fees directly on the machine at the time of withdrawal so that you can calculate in the cost. To find ATMs, search for 'Geldautomaten Kiel' on Google maps. In the cafeteria Mensa I, there is an ATM operated by the Sparkasse bank.

BEACHES

Schilksee

take bus 33 or 501/502 to bus stop "Seestraße"
Lazing around in a „Strandkorb“, watch the yachts sail by or jump into the Baltic Sea for a refreshing swim...you have the choice!

Falckenstein

take bus 502 to bus stop "An der Schanze", after a short walk you can take the beach shuttle bus down to the beach.
It is the longest beach in Kiel and you have a fantastic view on the cruise boats passing by. It is also well known for its beach

volleyball fields. At Falckenstein there is also the opportunity to wind and kite surf. More information at <http://www.westwind-kiel.de/>

Other nice beaches

to venture out to have been nicely subsumed in a “Strandführer” (beach guide) by the chair of coastal geography and climate impact research here: www.strand.uni-kiel.de

BIKING

in Germany is not only a popular sport but it is also a very convenient means of transportation. There are bicycle lanes alongside the car lanes virtually everywhere throughout most of Germany’s cities and towns. Cars and bikes have to obey the same traffic rules. Make sure to use common hand signals when turning left or right.

Bike rental / Bike shops

You may rent a bike for a week or a few days. Prices are between 8-15€ per day. However if you’d like to bike more often we suggest you get yourself a used bike. An ok city bike from a bike shop can be bought for about 80-120€. You may however be able to make a good deal on one of the local flea markets (section ‘flea markets’). You can also check the black boards in the cafeterias for students selling their bikes. There are quite a lot of bike shops and rentals, usually all in one, in Kiel. To find the one closest to you go to www.gelbeseiten.de (yellow pages) and type in “Fahrradverleih” (bike rental) or “Fahrradladen” (bike shop) and “Kiel”. You can add your postal code to get results in closer proximity. You can also try the Kieler “Umsteiger” at the main train station which rents out bikes (“Radstation”), offers a bike parking garage and tours for Kiel newcomers (“Neubürgertour”). www.umsteiger-kiel.de
Tip: Have a look at the bike shop of the alternative cultural centre ‘Hansa48’, at Hansastrasse 48. They have very good bikes on offer and have a self-help bike repair shop.

Exploring the city and the surroundings by bike

The city of Kiel have compiled suggestions for little tours throughout Kiel which can be done by foot or by bike. They are called “The Blue Path” and “Grüne Wege” (green paths, which is a collection of routes sorted by city area).

www.kiel.de/touristik/kiel_erkunden/blauer_weg/index.php

www.kiel.de/touristik

If you are more adventurous and would like to explore more of Schleswig-Holstein by bike we suggest you try the “Ostseeküsten-Radweg” (Baltic coast bicycle track). Official bicycle tracks are usually signposted. Special biking maps for these paths and others throughout Kiel's urban hinterland are easily available in the bigger book shops.

www.sh-tourismus.de/en/kiel-canal-route

More information on biking in Schleswig-Holstein:

www.ostsee-schleswig-holstein.de/de/radfahren

Helmets

You'll see many bikers in Germany wearing helmets. Since bikes are common participants in traffic it is a reasonable safety gadget. You'll see a number of people with bike helmets. The police recommend them but they are not obligatory yet. You can buy a helmet for 20€ or more in bike shops or larger department stores.

Locks

When leaving your bike, always make sure to lock it properly with a well functioning lock to a bike rack, pole, heavy fence, etc. Bikes are regularly stolen if not locked sufficiently or if not locked with a proper lock. We suggest getting either a good steel jacketed cable lock, a U-lock or if you choose to get a fancy bike maybe even an O-lock /bike club. You better not leave a fancy bike outside overnight. Put it in your basement and lock it or, if allowed, take it to your flat. Bikes in hallways are usually not welcome. You should invest at least 20 to 30 € in a good lock. If you live in the city or in a student area, always make sure to also lock your bike properly when at home. Do so even when a locked bicycle storage room or locked backyard is available. Kiel is mostly a safe city with a comparably low crime rate but bike theft, as in every bike region, is a known problem.

CAMPUS CARD

If you want to avoid queuing at Campus facilities you'll need the Campus Card.

With the card, you can pay cash-free at the public dining halls and cafeterias on campus, as well as at most photocopiers on campus. You can charge the card or check your balance at stations located in the dining halls and in the main library.

The campus card can be obtained from the Studentenwerk's information desk for a refund plus the first charging amount (10€). There are cards for staff and for students since students pay a reduced price for lunch meals. To get the campus card for students you will have to show your ISIC card or a valid matriculation certificate of your home university (in English or German).

CITY MAGAZINES

There are a number of free city magazines that you'll find in bars and small shops around Kiel. They usually list the cultural program of Kiel and its surroundings, give tips on what to explore or rediscover, etc. Here are the websites of some of the most common ones:
