Dear participants
in the study abroad program,

We would like to welcome you to Germany on behalf of Kiel University. We greatly enjoy hosting you for the duration of this year’s study abroad program.

The Intensive Language Program that is being offered will help you to improve your German language skills. We also hope that the extracurricular activities and cultural program will give you an insight into the German lifestyle.

We created a schedule that perfectly joins your classroom activities with trips to experience the regional history of Schleswig-Holstein and other social activities such as our sailing trip.

The cooperation between the University of Utah and Kiel University has always been influenced by the great personal commitment of the students and university personnel involved to make this summer program a successful and special event year after year.

We certainly hope that you will have an excellent time and an interesting stay in Kiel.

Warm regards,

Dr. Martina Schmode
Director

ATM
ATMs are located throughout Kiel. You should have no trouble getting cash with the same bank card you use at home. If you use a credit card for a cash advance (or even just make a withdrawal with normal debit card), be aware of the fees, which can be exorbitant. The machines are operated by different banks, and each sets its own fees. In any case, as of 2011, banks have been required to display their fees directly on the machine at the time of withdrawal so that you can take the fees into account. To find ATMs, search for "Geldautomaten Kiel" on Google maps. Outside Mensa I, there is an ATM operated by Förde Sparkasse.

Beaches
Schilksee
- take bus 33 or 502 to bus stop »Drachenbahn«
  or the 501 »Olympiazentrum«
Lazing around in a »Strandkorb«, watch the yachts sail by or jump into the Baltic Sea for a refreshing swim ... you have the choice!
Falckenstein
- take bus 502 to bus stop »Brauner Berg« or »Kreuzung Pries«, after a short walk you will reach the beach.
It is the longest beach in Kiel and you have a fantastic view on the cruise boats passing by. It is also well known for its beach volleyball fields. At Falckenstein there is also the opportunity to wind and kite surf.

A »Strandführer« (beach guide) has been published by the chair of coastal geography and climate impact research here: www.strand.uni-kiel.de

Biking
In Germany it is not only a popular sport but also a very convenient means of transportation. There are bicycle lanes alongside the car lanes virtually everywhere throughout most of Germany’s cities and towns. Cars and bikes have to obey the same traffic rules. Make sure to use common hand signals when turning left or right.

Bike rental / bike shops
You may rent a bike for a week or a few days. Prices are between 8-15 Euro per day. However if you’d like to bike more often we suggest you get yourself a used bike. A city bike from a bike shop can be bought for about 50-100 Euro. You may however be able to make a good deal on one of the local flea markets [section ‘flea markets‘]. You can also check the black boards in the cafeterias for students selling their bikes. There are quite a lot of bike shops and rentals, usually all in one, in Kiel. To find the one closest to you go to www.gelbeseiten.de (yellow pages) and type in »Fahrradverleih« (bike rental) or »Fahrradladen« (bike shop) and »Kiel«. You can add your postal code to get results in closer proximity. You can also try the Kieler »Umsteiger« at the main train station which rents out bikes.

Exploring the city and the surroundings by bike
The city of Kiel has compiled suggestions for little tours throughout Kiel which can be done by foot or by bike. They are called »The Blue Path« and »Grüne Wege« (green paths, which is a collection of routes sorted by city area).
https://www.kiel.de/touristik/kiel_erkunden/blauer_weg/Uebersicht_Blauer_Weg.pdf
www.kiel.de/touristik
If you are more adventurous and would like to explore more of Schleswig-Holstein by bike we suggest you try the »Ostseeküsten-Radweg« (Baltic coast bicycle track). Official bicycle tracks are usually signposted. Special biking maps for these paths and others throughout Kiel’s urban hinterland are easily available in the bigger book shops.

More information on biking in Schleswig-Holstein:
www.ostsee-schleswig-holstein.de/de/radfahren

**Helmets**
You’ll see many bikers in Germany wearing helmets. It is not considered goofy or nerdy. The police recommends them but they are not obligatory yet. You can buy a helmet for 20 Euro or more in bike shops or larger department stores.

**Locks**
When leaving your bike, always make sure to lock it properly with a well functioning lock to a pole, fence, etc. Bikes are regularly stolen if not locked sufficiently or if not locked with a proper lock. We suggest to get either a good steel jacketed cable lock, a U-lock or if you choose to get a fancy bike maybe even an O-lock / bike club. You should invest at least 20 to 30 Euro in a good lock. If you live in the city or in a student area, always make sure to also lock your bike properly at home (even in a locked bicycle storage room, in a backyard to a pole, etc.).

**CAU Card**
If you want to be quick, you need the CAU Card.
With the card, you can pay cash-free at the dining halls and cafeterias on campus, as well as at most photocopierys. You can charge up the card or check your balance at stations located in the dining halls.
The Campus Card will be provided at orientation program.

**Emergency Numbers**
- Police: phone: 110
- Fire Brigade: phone: 112
- Ambulance (emergencies only!): phone: 112
- Main gate Kiel University (emergencies only!): phone: 2222

**Flea Markets**
There is a regular flea market all throughout Kiel’s town centre every first Sunday of the month. The treasure hunters will be up early for this regular event looking for clothes, jewelry, tableware, furniture, vintage vinyls, and what not. Some flea markets are for surfing material, biking, baby/mother gear, etc. only.

**Garbage Disposal**
In Germany, the waste needs to be separated into paper (blue bin), recyclable waste/plastic (yellow bag), organic waste (brown or green bin) and residual waste (grey). Please separate your waste into the correct bins, not only at your dormitory but also at the University buildings and everywhere you go. Empty glass bottles go into the waste glass container. Batteries are special waste.

WAK
WiFi is included in the room rent. Login procedures will be provided during check-in.

CAU
You will have received an email beforehand in which you find your stu-number and password. Please activate as explained and follow instructions.
CAUx is the University’s wireless network for students and staff, and it is to become the CAU’s wireless internet access point. Right now some access points are still not functional. A list of access points and how to set up your PC or notebook to access CAUx can be found here:
https://www.rz.uni-kiel.de/en/hints-howtos/wlan
You will find information here about other CAU networks as well.

Laundry

WAK
Laundromats in the basement work with a special laundry coin available in the office downstairs for the price of 2 Euro each. You will get 2 hours of washing out of one coin. We will explain you how to handle it!
As an alternative, you could do your laundry at a public laundrette. You can find one close to your dormitory at Waschsalon Kiel Wik, Holtenauer Str. 342.

Festivals

Schleswig-Holstein Music Festival July 1st to August 27th
Since its inception in 1986, the Schleswig-Holstein Musik Festival (SHMF) has been among the most spectacular international cultural events in the world. Instead of renowned concerts taking place in the usual concert halls and opera houses, they are set in beautiful castles and manors, in barns and stalls, in the most spectacular churches of Schleswig-Holstein and even in unusual locations such as shipyards and industrial halls. From 1996 to 2013, the artistic concept of the SHMF was to select a feature country for each year and highlight its music and culture. This took them around the globe; from Finland to Japan, from the USA to Russia. With the new director, Dr. Christian Kuhnt, the festival was blazing new trails in 2014 by highlighting a specific composer for each year. This year, many stars will be focusing their attention on the work of Joseph Haydn. The SHMF seeks to build bridges between music and people, to joyfully connect artists with the festival and to give audiences access to great musicians.
http://www.shmf.de/de

The ticket reservation for all concerts can be done by post, email [bestellung@shmf.de], Fax or by filling in the online application form.
