All of you have received the STU-account E-Mail address: 

stuxxx@mail.uni-kiel.de
(You can find it in your Welcome Letter)

Kiel University uses this E-Mail to share all very important information, such as dates for exam registration, examinations, or the Timelines for Re-registration (Re-registration = payment of the semester fee for the following semester)

All information published there, should be observed and in the worst case, can have very negative consequences for your study status if not observed. For example, failure to re-register on time for the following semester, will result in exmatriculation. But I don’t want to scare you unnecessarily here, you will get timely reminders from our side to your STU email address.

Therefore, it is mandatory to activate the stu-account, otherwise you will miss our very important information and reminders! To do so - take a look at the information given in our Tutorial on the YouTube channel https://www.international.uni-kiel.de/en/advising-activities-services/activities-events/orientation-program
