Module code/name			
Name of the course			
Type of exam			
Examiner			
	<input type="checkbox"/> in the subject	<input type="checkbox"/> in the profile	<input type="checkbox"/> as „further study“/elective subject

Module code/name			
Name of the course			
Type of exam			
Examiner			
	<input type="checkbox"/> in the subject	<input type="checkbox"/> in the profile	<input type="checkbox"/> as „further study“/elective subject

Other reasons:

I am aware that

1. I can cancel my registrations for examinations online **during the periods for registration and cancellation and by the additional cancellation deadlines for written examinations** (see examination schedule).
2. in accordance with § 11 (1) Examination Procedure Regulations, passed examinations (they also include examinations from recognised modules) must not be repeated.
3. I can only withdraw from examinations **after these deadlines with a valid reason** (such as illness). Withdrawals must be submitted immediately. Unexcused absence will be counted as a failed attempt.
4. during the **period confirming authorisation**, I am obliged to use the CAU Portal online tool for students to check whether I am authorised to take the examinations that I have registered for and that I must produce and file a **printout** of this information (see examination schedule). (Contact the responsible Examination Office immediately in case of disagreements!)
5. I am obliged to review the **results** of my examinations using the CAU Portal during the week when they are published (see examination schedule), and that I can object to results up to one month after the end of this week. If I do not object, the results are definitive.
6. I can only submit an application for a third resit attempt (see examination joker card) within one month after the end of the review period of the results of the respective examination period.
7. I may not sit Master's examinations if I am or was provisionally registered for the Master's this semester but am or was unable to meet the **proof of authorisation deadline** for the Bachelor's degree and therefore registration for these examinations is unnecessary.

Declaration pursuant to Section 9 (6) of the Examination Procedure Regulations:

I hereby declare that I have not lost my examination entitlement and am not currently in an examination procedure for the same or a similar degree programme at another institution of higher education.

Declaration of consent to participate in examinations during the statutory maternity periods in accordance with Section 3 of the MuSchG (Mutterschutzgesetz):

I hereby declare that, insofar as the statutory protection periods according to Section 3 of the MuSchG are applicable to me, I specifically request to take part in the examination, although it takes place during the statutory maternity period and although I am not obliged to do so during the statutory maternity period, and I may therefore at any time prior to the start of the examination revoke this consent without consequences.

Date, student's signature
